

1994 Vermeer 670 Trailer Stump machine. Rego to 19/6/17

This machine has a 76 Hp air cooled, Turbo Charged Deutz diesel that is in excellent condition. The trailer was recently fitted with new electric brakes, and new sunraysia rims and new tyres. It also has a new drive belt.

Machine has only done 830 Hours. Coupling is a 50mm ball but ring pull is available as well.

Cutters are near new. Ready to go to work. Quantity of spare cutters.

A 3m White box stump 500mm high ground into a mound of grindings in very quick time.

Vermeer SC30 TX Stump machine.

This machine was new on January 2015 and has only done 234 Hours. It is powered by a 30Hp fuel injected Kohler engine and is fully hydraulic and pumps are direct driven off the engine. No belts to give problems. Cutters are sharp, ready to go to work Spare cutters available. DVD and manuals included.

Doeko Stump grinder Powered by a new 24 Hp Kohler motor, only 3 years old and done very little work . Has electric clutch. A very handy small machine that will fit through most garden gates. Manuals included

Log barrow. The wheels on this barrow are SOLID RUBBER, no flat tyres to worry about. It is capable of huge loads from back yard to Kerb. This is a huge yellow box about 400kg ... What 3 men can load, one man can pull out.

Austrailer Car trailer 2 ton GVM fitted with near new 1300lb winch (5,897Kg). Winch has synthetic rope and has only loaded about 3 or 4 cars. 2 cordless remotes and a hand control (slightly damaged). 4 Mag wheels and 2 spare tyres.

Has lots of extra tie down points welded in for different loads.

Rego till 7/3/2017
